

COLORIFIC BIO INK

Colorific Bio ink is over 90% biodegradable, contains only food/cosmetic grade solvents, is non-flammable, non-toxic, classified as non-hazardous, and does not require extraction of fumes for Health and Safety compliance.

BIO FEATURES & BIO BENEFITS

- Over 90% biodegradable in it's pre-printed state.
- Classified as non-hazardous, non-flammable, non-toxic.
- Contains only food/cosmetic grade solvents.
- No extraction required for Health and Safety compliance.

PRODUCT OVERVIEW

- Compatible with most common solvent-ready printers that utilise the Epson DX3/DX4 print-head technologies.
- A chemically balanced blend of bio-degradable food grade solvents combined with the highest quality pigments, offering uncompromised performance and reliability.
- Colorific Bio inks give you the ability to print photo-realistic images onto uncoated materials that don't rub off or require a protective coating.
- Excellent resistance to alcohols and cleaning fluids.
- Outdoor durability without need of lamination.
- Very high abrasion and scratch resistance.
- Superb adhesion to a wide range of common media.
- A wide colour gamut is further enhanced by the option of orange and green ink which produces hexachromatic images with a colour brilliance that is unparalleled..

RELIABLE PERFORMANCE

- Extensive testing is carried out on Colorific inks during both development and production phases ensuring that Colorific inks are up to the most demanding of print jobs.
- Full hardware and UV fade resistance warranties.
- Extended shelf-life of 18 months.
- Manufactured to strict ISO9001 quality standards.
- Suitable for high speed production printing.

PRINTER COMPATIBILITY MIMAKI

- JV3-160, JV3-160SP, JV3-250SP, JV3-75SP
- JV3-75SPII, JV3-130SL, JV3-250SPF

PRINTER COMPATIBILITY MUTOH

- Rockhopper I, II & III Extreme, Valuejet and other Mutoh solvent-ready printers utilising the Epson DX3/DX4 heads.

PRINTER COMPATIBILITY ROLAND

- VersaCAMM: SP300, SP300V, SP540V, VP300, VP540
- Pro II V: SC545EX, SJ645EX, SJ745EX, SJ10000EX
- Pro II EX: SJ540EX, SC540EX, SJ640EX, SJ740EX
- Pro II: SJ540, SC540, SJ740
- Soljet: SJ500, SJ600

PRINTER COMPATIBILITY OTHER

- Solvent-ready printers utilising Epson DX3/DX4 heads.
- Uniform: All CADET, Grenadier, Lancer and Brigadier
- AGFA: Grand Sherpa Universal and similar.

All trademarks recognised. E&OE.
